Words of Management

Dear Parents,

Education is the highest function of civilization and it is the only resource that makes us unique creature in this wonderful world. We believe, schools are the fertile soil that beget education and Mentors are the farmers who shower knowledge for better growth of plants who are pupils of schools.

Keeping above beliefs in our mind we have laid the foundation of City Public School, a branch of Vidyawati Foundation. It is our observation to furnish our school with sophisticated Library, Laboratory and Authentic Instruments in order to inculcate all round development in our pupils. We do believe, tentative education conjugated with computer revolution has become indispensable for students, therefore, we have been equipping our school with proficient and dexterous teachers and aids related to computer.

We want to provide a sanctified environment to our students in order to generate in them prolific qualities; determination, confidence, honestly, morality and above all sense of 'Universal Brotherhood' so as they should be always victorious in every strifes of life.

"Appreciation is the memory of heart" thereby, we thank parents whose moral support, firm faith, well department and admiration have emerged our institution into one of the leading institutions in Gaya and we anticipate to get above virtues of them even in coming days.

We truly believe that an optimistic suggestion can bring a remarkable and miraculous change in the betterment of our school, for suggestions of all and sundry are welcomed.

With Warm regards

Always at service

Mr. Satyadeo Mehta

Director

CITY PUBLIC SCHOOL

From the Desk of Principal

Dear Parents,

Namaskar,

School, for me, is a temple for eradicating darkness by lighting torch of perception, moulding characters by replacing weak habits by strong ones and removing attitude of doubts by determination. In true sense schools build nation by elevating human spirit, confidence and sense of oneness.

Every nation is known for its culture. Therefore, it is sole duty of schools to promote optimum level of education living within our cultures. I assure to give both scientific education and colourful cultures of India, from the corridor of CPS.

Environment pays a good role in development of sound mind. Students of CPS are lucky because education and nature are inextricably intertwined in here; Apart from mental development I do believe physical education is very essential so our school is providing spectacular classes for Yoga, Meditation, Archery and Various sports.

I expect support and co-ordination of parents, teachers and authorities to keep my afore-mentioned promises. I welcome every valuable suggestion of parents from bottom of my heart.

Thank you.
