## From the Desk of Principal

Dear Parents,

Namaskar,

School, for me, is a temple for eradicating darkness by lighting torch of perception, moulding characters by replacing weak habits by strong ones and removing attitude of doubts by determination. In true sense schools build nation by elevating human spirit, confidence and sense of oneness.

Every nation is known for its culture. Therefore, it is sole duty of schools to promote optimum level of education living within our cultures. I assure to give both scientific education and colourful cultures of India, from the corridor of CPS.

Environment plays a good role in development of sound mind. Students of CPS are lucky because education and nature are inextricably intertwined in here; Apart from mental development I do believe physical education is very essential so our school is providing spectacular classes for Yoga, Meditation, Archery and Various sports.

I expect support and co-ordination of parents, teachers and authorities to keep my aforementioned promises. I welcome every valuable suggestion of parents from bottom of my heart.

Thank you.
